

NEW CODE OF RULES

Will be Presented to the House by the Speaker and His Associates.

WASHINGTON, D. C., Dec. 14.—A new code of rules for the house of representatives will be presented by the speaker and his associates on the committee on rules after the holiday recess. At present the house is proceeding under the rules of two years ago, these having been adopted pending the framing of new rules. The present purpose is to re-adopt the old rules without important changes.

Representative Barrett, of Massachusetts, is to be given a hearing on an early day on two amendments which he proposes. One of these seems to give the minority larger rights than it enjoys at present in presenting amendments and substitutes, and in securing time during debate. At present the rules are very strict and individual members have little latitude in securing additions to the appropriation bills. Mr. Barrett's extended service as speaker of the Massachusetts house of representatives gives added weight to the changes he is urging, although it is not expected that they will be favorably considered by the committee.

In view of published reports that Mr. Reed was framing a rule designed to cut off "riders" to appropriation bills originating in the senate, it is stated by one familiar with the speaker's views that he has not contemplated any such action and that the house could not do so if it would. When such amendments come over from the senate, the house is obliged to act on them, by concurring or non-concurring, and it is said that this action could not be changed as to abridge the rights of the senate.

POOR HAYTI

Now the Italians Threaten to Take a Fall Out of Her.

NEW YORK, Dec. 14.—A dispatch to the Herald from Port Au Prince says: More trouble of a kind similar to the recent Leuders affair threatens Hayti and Port Au Prince may have to face another menace of bombardment.

Italy has long had claims against Hayti and these, it is alleged, have never been settled. One claim, which has been pending since 1863, was the case of the merchant at Port de Paix, whose vessel and cargo, worth \$30,000 were, it is alleged, illegally seized and sold by the Haytian government. The other case was that of an Italian fisherman who was assassinated here last October, the man who was accused of committing the crime not having been brought to justice yet.

Italy, it is reported, intends to push the settlement of these claims at once and rumors have reached here that Italian warships are being sent here to back up the demands.

The new ministry is looked upon favorably and it is thought the proclamation will have a good effect in quieting the people who have been threatening an uprising ever since the late ministry surrendered to Germany's demands.

DURRANT'S PASTOR

Is Said to be in Danger of His Life—Threats Made.

SAN FRANCISCO, Dec. 14.—The Examiner says: The police and the people of Emanuel Baptist church believe that the life of Rev. J. George Gibson, Durrant's former pastor is in danger. The police have warned the reverend gentleman to protect himself against the possibilities of harm. The warning has been heeded and Dr. Gibson is protected night and day. One of the members of his congregation has volunteered his services as a bodyguard and the police will detail an officer to attend every public service at Emanuel church.

Since the murder in the church, many attempts have been made to cast suspicion on the pastor and his refusal to be drawn into the case even as Durrant's spiritual adviser has caused much comment.

Has a Bad Record.

CAMDEN, N. J., Dec. 13.—The negro Francis Lingo was held in \$17,000 bail to-day, charged with fraudulently using the mails, abduction and forgery. It is alleged that by means of a bogus letter he tried to entice Miss Berry, a young woman of Philadelphia, to Pennsylvania for the ostensible purpose of employing her as companion to a wealthy woman. Lingo has conspicuously figured in two murder trials in recent years. He was suspected of the murder of Annie Lecoyne, and was convicted of the murder of Mrs. Annie Miller. This verdict was reversed on the ground of insufficient evidence.

Will Compete with America.

WASHINGTON, D. C., Dec. 14.—A British corporation has arranged to start a shoe factory at Glasgow, Scotland, capable of turning out 20,000 pairs of shoes weekly, and Consul Fleming, at Edinburgh, says this is the beginning of an attempt, to compete with America in shoe making. The British reports show that more than forty-five per cent of the total imports of shoes into the British colonies are of American manufacture.

SECRET OF HAPPINESS.

In What Does It Consist and How Few Women Ever Find It.

This lady is happy principally because she is healthy. It is said that all other women do not enjoy equally good health. Ah! weak, weary women, tired and broken down, whose lives are made miserable through the blighting influence of female complaints, why do you suffer? Why allow yourself to become "blue," discouraged and despondent? Why endure the torture of backaches, headaches, bearing down pains, nervousness and other weaknesses caused by menstrual or womb troubles? There is help for you and for all other women who suffer in this way. Read these words which were recently written by one woman who sought and found relief.

Mrs. H. P. G. Carney, one of the best known ladies of Butler, Pa., says: "For nearly three years I was under the doctor's care, a constant sufferer from female weaknesses in the most aggravated form. Medicine did me no good and my suffering was so great that at times I felt that death would be a relief. At last, a discovery of which I had heard much but about which I knew little, was recommended to me and I decided to try it. Before I had finished one bottle, I was astonished at the marvelous change it made in my health. It has completely cured me. I am now feeling perfectly

FRENCH HOUSE GOWN FROM HARPER'S BAZAR

White is extremely fashionable this season, and is especially liked for house gowns. A most charming model, illustrated above, is made of ottoman cloth of an ivory-white shade, trimmed elaborately with gold and silver embroidery. The skirt is untrimmed, and has across the front a flounce which forms a double skirt.

The waist has a full front of ivory satin, which forms a blouse at the belt. At the neck is a square yoke made of the embroidery; two long tabs, also trimmed with embroidery, fall down on the skirt. The back is tight-fitting, and

well, am able to attend to all my duties and owe my restored health wholly to that grand discovery Warner's Safe Cure.

This is only one case among the thousands in which this great remedy has been the means of curing the distressing ailments peculiar to women. Time and again it has proved to be unequalled for giving quick and permanent relief. No woman who wishes to escape misery and suffering can afford to be without it. It is a remedy that can be relied upon, a remedy that never fails, and one that has always proved to be woman's best friend.

New Bankruptcy Bill.

WASHINGTON, D. C., Dec. 14.—A national bankruptcy bill similar in its substantial features to the Henderson-Culbertson bill passed by the house last session, will be reported to the house this week by the judiciary committee. The bill provides for both voluntary bankruptcy and involuntary bankruptcy, except a corporation. The latter may be forced into it, but not otherwise. Wage-earners, laborers and farmers cannot be forced into it. All others are subject to involuntary bankruptcy for certain designated causes. In general these involuntary causes relate to fraudulent conduct on the part of the bankrupt. The clause in past measures providing that a man who permits his commercial paper to go unpaid for thirty days, shall be an involuntary bankrupt, is eliminated. The general effect of the bill is to discharge the bankrupt of all debts after the estate has been administered and it has been found that there has been no fraudulent conduct.

The bankruptcy measure is so framed as to make its administration simple and inexpensive. It involves only two officers, referees and trustee.

Anniversary of Prince Consort's Death. WINDSOR, England, Dec. 14.—There were the usual services at Frogmore today, the anniversary of the death of the Prince Consort in 1841 and of Princess Alice in 1878. The queen, the prince and princess of Wales, the duke and duchess of York, the Duke and Duchess of Connaught, Prince and Princess

Christian of Schleswig-Holstein and the Princess Louise, marchioness of Lorne were present.

MARTIN'S FERRY.

Haps and Mishaps in the Thriving City Across the River.

The residence of Albert La Rue, on Vine street, was entered on Monday night, and a sum of money, a couple of gold rings, a scarf pin and other articles were taken. The burglary occurred about 9 o'clock in the absence of Mr. and Mrs. La Rue. The former had gone to work and the latter was spending the evening with her sister. When Mrs. La Rue returned, she discovered that the house had been burglarized. Entrance was effected through one of the windows and the house was pretty well ransacked. No one was seen entering or leaving the house, but it seems that there is a clue. It is thought that the person or persons who committed the burglary expected to get more money than was secured.

CHARGED WITH STEALING.

Edward Stead, a young man, aged twenty-two years, was arrested yesterday afternoon by Marshal William Burns, charged with stealing \$100 from a trunk in the boarding house of David Humphrey, corner Second and Clay streets, last Friday or Saturday. The young man had been absent from the house since Sunday and was arrested upon his return yesterday and confessed to the marshal, after close questioning. Only one dollar was found on Stead, and he promised to get twenty dollars of the money. A brand new lady's gold watch and several other articles were found on his person. Stead has been boarding at Humphrey's since June and worked at the Aetna-Standard mills. There was four times as much money in the trunk and it will be kept in the bank hereafter. Another party was suspected until yesterday.

CELEBRATED HIS BIRTHDAY.

Yesterday Kenworthy Hoge celebrated his sixty-eighth birthday, by entertaining the Septuagenarian Club at his residence on Fourth street, in a very pleasant manner. The occasion was enlivened by the singing of several selections by a quartette, consisting of Miss

M. Sheets will be home on Saturday, for the holidays.

BELLARE.

All Sorts of Local News and Gossip From the Glass City.

The barbers' unions in Eastern Ohio are now moving solidly for the passage of a law requiring every man who wields a razor to stand a rigid examination before a competent board, to be appointed for that purpose, and all applicants for barbers' licenses must have a knowledge of skin diseases, be neat and tastefully clad, and be vouched for as persons who will handle only pure soap and scrupulously clean tools. This would be a splendid law, but it would make hodge-carriers of about three-fourths of the barbers who favor it, and so it is with some other things.

The Enterprise Enamel Company, on Monday night elected a board of directors under their Ohio charter, as follows: William Lipphardt, F. H. Acker, C. S. Dorner, William Rosbach, James DuBois, J. A. Gressel and Theodore Neff. This office are very close to the glass and this prevented his head going through. He was locked up, but will probably be released again shortly.

The city council met last night, with President Gilcher presiding and nine members present. Mayor Williams reported the cash receipts of his office paid to the city treasurer for the past month at \$83, and the monthly water works report was received. The regular monthly payroll was passed, and other routine business of no public importance was transacted, and council adjourned.

Some time ago James Minder was arrested here for deserting his wife at Washington, Pa., and during his imprisonment it was learned that he had married Ida Miller, a girl who lives west of Bridgeport, before he married Annie Stidd at Washington. He was convicted of bigamy, and yesterday Ida Miller secured a divorce from him.

Peter Gilmartin, a wreck from strong drink, fell through a front window of the Exchange bank, and had it not been for the inside shutters he would probably have cut his throat in the glass. The shutters are very close to the glass and this prevented his head going through. He was locked up, but will probably be released again shortly.

The Bellare Stove Company has invited bids for the proposed enlargement of that plant for this month, and will begin on the extensive improvements as soon as a contract can be let. The plans contemplate a foundry about double the present one.

Two other cases against the man who sells liquor on a B. & D. dining car will be tried before Squire Mason under the pure food law next week, and the case against the Wheeling firm for selling essence of ginger will come up in the same court.

GREAT GRUMBLERS.

Grumbling will Cease if People will Follow a Wheeling Citizen's Advice.

When the kidneys are sick they grumble. You hear them clear through the back. You feel them clear through the body. They grumble when over-taxed. Know how the kidneys grumble? It's a simple thing, your back will tell you.

Backache is the first grumbling warning. The kidneys give it and if you heed it not look out for trouble, it will surely come.

Urinary trouble, kidney trouble and many miseries. Doan's Kidney Pills are made for kidneys only.

They cure every form of kidney ill. The experience of Wheeling proves this.

Here's a case in point: Mr. William W. Cline, of 109, Sixteenth street, says: "My general health was far from good for a number of years, and during six or seven my kidneys were a great source of trouble to me. During that time I had several severe hemorrhages from the kidneys and a severe paralytic stroke. I suffered almost constantly from terrible pains across the loins and a soreness and aching of the whole muscular system of the body. As might be expected the secretions from the kidneys were also a great source of trouble to me, being too frequent. Nothing I used seemed to give me any relief, and when we saw such favorable accounts of Doan's Kidney Pills appearing daily, Mrs. Cline thought they would possibly do me some good, so she got a box at the Logan Drug Co., and had me take them. I got the most gratifying results.
